## Front-end developer

### EXPERIENCE

#### PROFILE

My name is Mladen Skrbic, I am junior Front-end developer from Bosnia and Herzegovina.

I love coding, one day i hope to become software developer. I am currently learning to improve my knowledge in web-development by becoming Full-stack developer.

I don't have much experience beside FreeCodeCamp's projects. I did work as a freelancer for some short period of time, and also created website for local company.
